

To whom it may concern:

We were extremely pleased with the professionalism displayed by Maggie Tunstall in listing and selling our home in West Camden Park, Farrington Village. She knows the community very well and therefore was instrumental in setting a realistic selling price. She made herself available during the showing times since we were absentee owners and did some of the little things necessary to show the house advantageously.

All and all, we were very happy that we listed our home with Maggie Tunstall.
