

I recently transferred from New Jersey to Cary. A CB realtor friend of mine in New Jersey referred me to your office in Chapel Hill and Maggie Tunstall was assigned to help me find a new home.

On a preliminary visit to Chapel Hill in November 2003, Maggie did a great job showing me properties in Chapel Hill, Durham and Cary and familiarizing me with the area. When I returned in February to make a decision to buy, she again had prepared a list of suitable homes which she emailed me ahead of time so that we could concentrate on those that I felt would be of interest to me. And we did find the town home I purchased

The preparations for the closing and the closing itself were accomplished with efficiency and speed as well.

I would like to let you know that it was a great pleasure to have Maggie as my realtor. She understood my needs, likes and dislikes and was always patient, helpful and professional and never pushed. I was very impressed with the care she took with me. Maggie could not have treated me any better if I had purchased a home at the high end of the price range instead of the lower end. This meant a lot to me.

My compliments also to the efficiency of Carol Deal, your Sr. Loan Officer from Southeastern Lending. She made getting my mortgage easy.

I congratulate you on your staff and would certainly highly recommend Maggie and Carol to other prospective clients.

Sincerely,
